

Product Usage

Works great at any facility for trash, recycling, storage, and more. Fits all standard wheel dollies and maid carts that fit 32 gallon trash cans – perfect for on-the-go. Available in multiple colors to fit any end use need/facility color coding program. Built to hold super heavy materials without the handles warping and bending.

- Base handle grips conveniently located on the side of the base to easily lift and empty without having to touch the dirty bottom of the can.
- Vented channels on the inner sides – trash bags pull out easily and don't get suctioned down into the can.
- Bag tie cinches on the handles for knot-free liner changes.
- Fits standard wheel dollies.
- Heavy-duty reinforced handles will not bend and warp under extreme weights.
- Strong durable HDPE material will not bend/warp and resists cracking in colder temperatures.
- Rounded ergonomic handles don't cut into hands.
- Rounded snap-on lid adds more capacity.
- Thicker plastic on base to withstand rougher surfaces and dragging for an extended life.
- All cans and lids are shipped in quantities of 6.

Item	Case Pack	Case Weight	Case Dimensions
