Dry Soup Wells

Models:

SWC-7QT, -11QT

SWB-7QT, -11QT

Hatco's Dry Soup Wells offer a plumbing-free solution for rethermalizing or holding food at safe temperatures. Both the built-in and countertop units offer the same intuitive user interface, four customizable presets and six preset temperatures to make the Dry Soup Well a simple and effective solution.

Standard features

- Gentle, even heating without the need for water
- Features an intuitive, interactive user interface
- Adjustable stir timers indicate when it's time to stir
- Automatically transfers from rethermalization to hold
- Features a screen lock to keep anyone else from tampering with the controls
- Pre-programmed with 4 customizable presets and 6 preset temperatures
- Pan and hinged lid included
- SWB models include a 6.56' (2000 mm) conduit for convenient placement of controls
