Notes & Details

The Hakka DN40 Spiral Dough Mixer is designed for commercial use, featuring a robust 40 qt. stainless steel bowl that can mix up to 16 kg (35.3 lbs) of dough at a time. This high-performance mixer ensures efficient dough preparation with its dual rotation system, where both the bowl and hook rotate at speeds of 19 RPM and 193 RPM, respectively. The unit includes an auto stop failsafe, turning off the mixer when the timer hits zero, enhancing safety and convenience in busy kitchens. Its steel grated lid allows for the addition of ingredients without stopping the mixer and prevents hands from reaching into the bowl during operation. Built to handle strenuous workloads, the mixer remains stable during use thanks to its sturdy base. Equipped with a safety guard, it ensures secure operation. This mixer requires a 110V electrical connection. Enhance your kitchen's efficiency with the reliable and durable Hakka DN40 Spiral Dough Mixer.
