Model VT18

High Speed Vertical Contact Toaster

Item No: _____

AIA FILE NO. / SPEC NO.

CONSULTANT/ CONTRACTOR APPROVAL

Model VT18

The Marshall **Model VT18** Vertical Toaster produces 160° F caramelized buns quickly with or without butter. This compact model is so fast it can produce 1800 4" hot buns in one hour with minimal moisture loss. Perfect for building sandwiches to customer orders. Buns are loaded at the top and released onto a product slide at the bottom. The variable speed drive ranges from 20 seconds to 2 minutes. Heat controls are fully adjustable from 200°-565°F. Left and right side toasting temperatures can be zoned for flexibility.

Speed controls are located inside a secured cabinet, eliminating unauthorized tampering. The toaster is adjustable for various crown and heel bread thicknesses. The multi-control feature options of this toaster produce and deliver the hottest buns in the shortest time.

All Marshall products are supported by a nationwide service organization and in-house, full-time Customer Support Department. To place an order call:
