

Precision Heat & Ultimate Control for Every Task

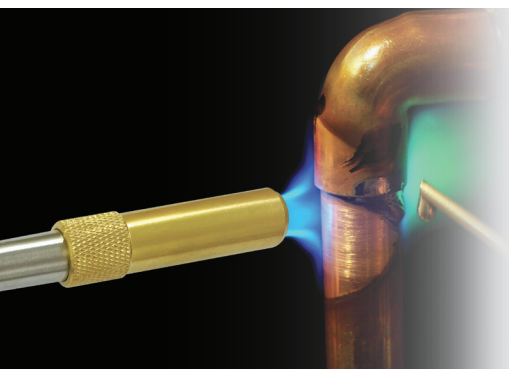

WHIP-IT! TURBO PRO TORCH & TORCH KIT

The **Whip-It! Turbo Pro Torch** is engineered for professionals who require maximum heat and performance. Designed for heavy-duty applications like brazing, high-temperature soldering, and heat treating, the **Whip-It! Turbo Pro** delivers a powerful Turbo Flame that reaches up to 2687°F (1475°C). Its auto ignition system enables fast, reliable startup, while the high-velocity flame ensures steady, focused heat in even the most demanding conditions. This torch is ideal for tasks in automotive repair, plumbing, HVAC, and fabrication, where performance and flame consistency are critical.

FEATURES

- Turbo Flame Technology:** Delivers intense, high-speed heat for efficient heavy-duty use
- Max Temperature:** 2687°F (1475°C)
- Auto Ignition:** One-click ignition for seamless operation
- Durability:** Built for rugged environments & frequent use
- Fuel Compatibility:** Premium MAPP & Premium Propane (fuel sold separately)
