Product Description:

The Empura ESP-2M Stock Pot Range combines durability and power, featuring high-performance double burners with a total output of 160,000 BTU. Its sleek stainless steel construction ensures long-lasting reliability, complemented by robust cast iron grates and stainless steel pilot ignitors. With four cool-touch chrome knob controls for precise adjustments and a 3/4" NPT rear gas connection, this range is easy to install and operate. Additional highlights include a stainless steel drip pan for effortless cleaning, 4" adjustable plate-mounted legs, and a field-convertible NG to LP kit for added versatility.

Intended For Commercial Use Only. Empura assumes no liability for component failure, factory defects or any other damages for units installed in non-commercial foodservice or residential applications.

About Empura Gas Stock Pot Ranges:

The Empura ESP Stock Pot Ranges are durable, high-performance cooking solutions designed for heavy-duty commercial use. Engineered to handle large stockpots with ease, these ranges deliver powerful, consistent heat for soups, stews, and sauces. Featuring a sturdy stainless steel construction and easy-to-clean surfaces, they are built to withstand the demands of busy kitchens. Compact and efficient, the Empura ESP Stock Pot Ranges are an essential addition for any foodservice operation requiring reliable and robust cooking equipment.
