Jade Range, always a leader in innovation... applying over 50 years of manufacturing experience and technology to create the best appliance for any specific job.

The Jade Log Broiler has been scientifically designed to perform to the highest standards required for mesquite, or any type of wood broiling.

The unique design of the burner box, incorporates an air flow system that allows optimum fuel combustion and saves wood or charcoal cost. Ease of cleanability is built right in, to provide years of maintenance-free operation. The Jade Log Broiler is completely mobile, so that any unused area can be utilized.
