

General Information

Project Name: _____

Consultant: _____

Item #: _____

Model #: _____

Quantity: _____

Specifications

UC Utility Chase is made of 18GA type 300 series stainless steel.

Can be custom cut to any width, height or depth as needed.

Dividers can be provided to separate plumbing & electrical lines.

Removable access panels & collar included.

Product Guide

IMC Utility Chases are the best way to accommodate and organize pipes, lines & wires.

Standard collars allow the chase to fit snugly and flush on both ends.

Optional dividers can be utilized to separate plumbing & electrical wires.

Options

- ☐ Custom Sizes
- ☐ Dividers
