

Dinex® MealtimeXpress Cart

Creative Solution for Satellite Foodservice

The MealtimeXpress Cart is ideal for hospitals, senior citizen centers and foodservice venues such as stadiums or college dining. Available with two hot compartments or one hot and one cold compartment. Four swivel wheels provide a zero-turn radius that makes this cart mobile and convenient. The unit is powered by a standard outlet. The MealtimeXpress Cart is everything that satellite dining should be.

Benefits

Mobile

Easily moved and plugs into standard 120v outlet

Efficient

Serves up to 40 meals without restocking

Safe

Maintain food at safe temperatures for extended periods of time

Customizable

Add your own design or logo to the front and sides

Maintain food at safe temperatures for extended periods of time

Digital LCD display

Stainless steel panels come standard but units can be customized with a variety of laminate panels—panels can be viewed at www.wilsonart.com/laminate/standard

Large heated top surface for easy plate assembly

Full perimeter bumpers

Convection heat ensures even temperatures through compartment

Can be easily moved to serve food right in front of diners

Additional sliding internal cassettes and optional transfer dolly (sold separately) allow for easy restocking
