

BRUTE® CONSTRUCTION AND LANDSCAPE DOLLY

The BRUTE® Construction and Landscape Dolly is built to easily maneuver over rough terrain for superior handling of heavy loads. Ergonomically designed features ensure worker safety in the toughest conditions.

Features and Benefits:

- Oversized never flat wheels with DuraTread provide maximum performance and long-lasting use on even the roughest terrain
- Ergonomic cruiser handles provide comfortable maneuverability and maximum leverage with loads up to 250 lbs.
- Structural foam rim hook easily adjusts to secure 32, 44, and 55-gallon BRUTE® containers
- Integrated foot ledge provides maximum leverage for easily tilting and transporting heavy loads

Material Composition:

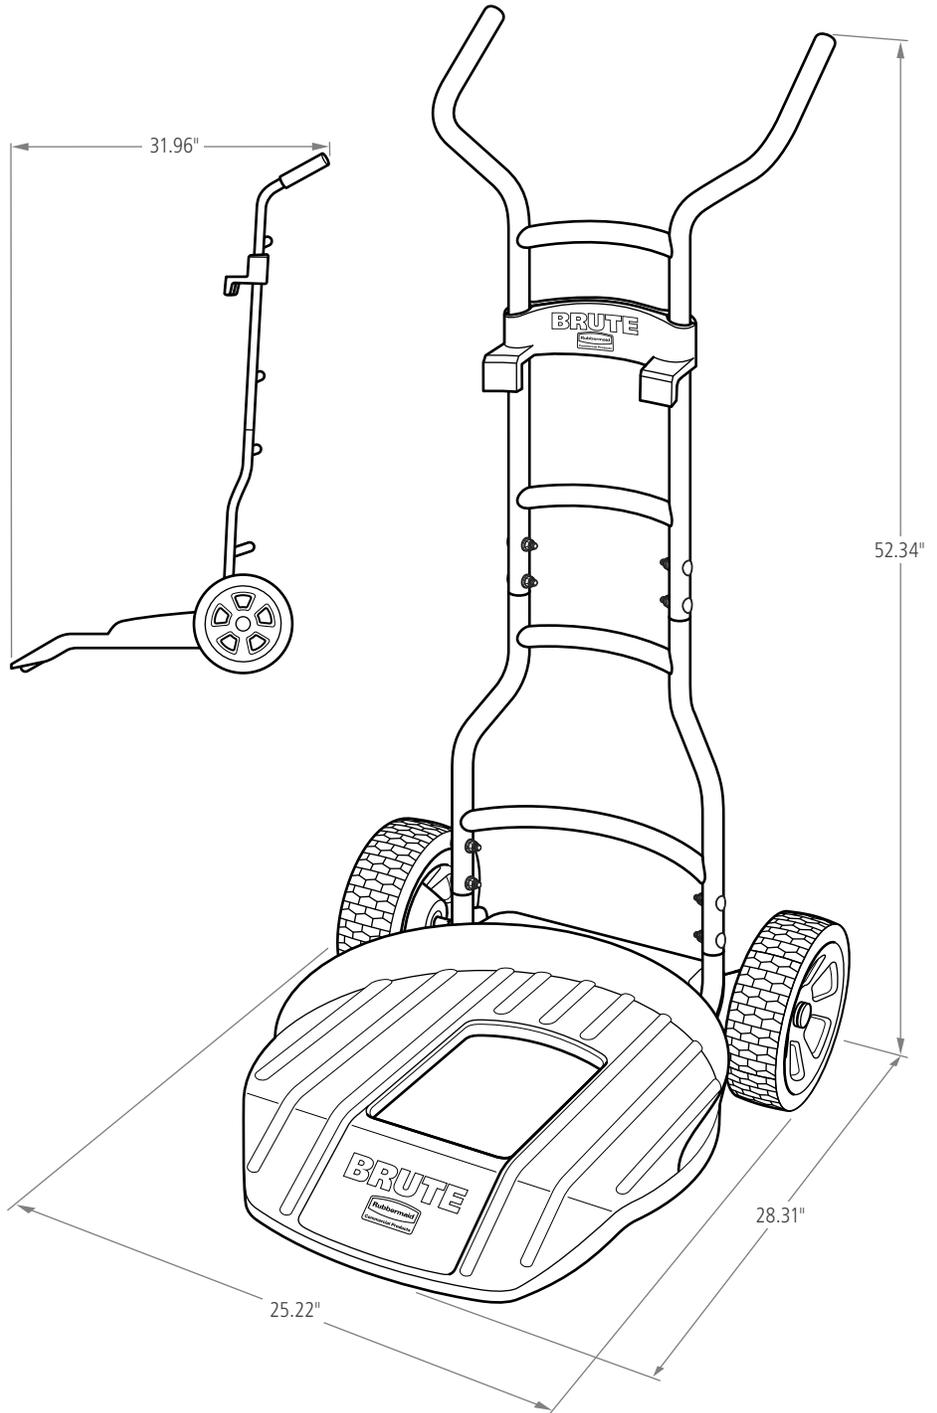

- Durable powder-coated steel frame with UV inhibitor
- Commercial-grade structural foam base and rim hook

Weight Capacity:

- 250 lbs.

Compatibility:

- Compatible with 32, 44, and 55-gallon BRUTE® containers
