STOCK POT STOVE

Model CCSP-2

Standard Features, Benefits & Options

CONSTRUCTION: Heavy gauge frame for rugged usage. Easy cleaning stainless steel finish. 5" heavy duty stainless legs with adjustable feet up to an additional 2". Cast iron top grate with 6 3/4" cast-in bullnose landing accommodating 14" to 24" diameter pots.

CONTROLS: CCSP models are equipped with high BTU gas valves, automatic standing pilots, pressure regulators and cool to the touch control knobs. Double venturi, cast iron burners rated up to a total of 110,000 BTU's for model CCSP-1 and model CCSP-2 up to a total of 160,000 BTU; 80,000 per section.

TESTING: 3/4" gas lines are factory tested before shipment. Optimal pressure is 4" WC for natural gas, 10" for propane gas.

ACCESSORIES & OPTIONS: Gas hoses, wok rings and set screw knobs.
