

Specification/Datasheet

Levelling kit for model 6-half size, 10-half size MarineLine

Article number

60.76.846

Description

The leveling kit allows infinitely adjustable leveling of tabletop units and Combi-Duos to compensate for installation surface height differences of up to 3/4 in (20 mm) (tabletop or floor).

The levelling kit can either be screwed or welded to the subsurface.

The gasket ensures a hygienic seal, even when installed on tiles.

Intended use

This product is intended exclusively for professional use, such as in restaurant kitchens or catering operations for schools, hospitals, or delis. Any other use runs counter to its intended purpose, and could be dangerous. RATIONAL AG assumes no liability for consequences of improper use.
