Project _____

Item No. _____

Model No. _____

Quantity _____

Models:

Food Bar Base Only: 4TTFSB, 5TTFSB, 6TTFSB

Food Bar Base & Sneeze Guard Assembly: 4TTFSBSG, 5TTFSBSG, 6TTFSBSG

Sneeze Guard Assembly Only: 4TTSG, 5TTSG, 6TTSG

Features & Benefits

Food Safety

- Temperature holding without the need for ice or electricity: Thick polyurethane insulation paired with Buffet Camchiller® compatibility keeps food safely chilled for hours, no power required. Ideal for maintaining safe temperatures in on- or off-premise food service applications.

- NSF-compliant flip-up Sneeze Guards: Redesigned for enhanced food safety compliance, these Sneeze Guards support both double-sided self-service and single-sided staff service configurations.

Holding Versatility

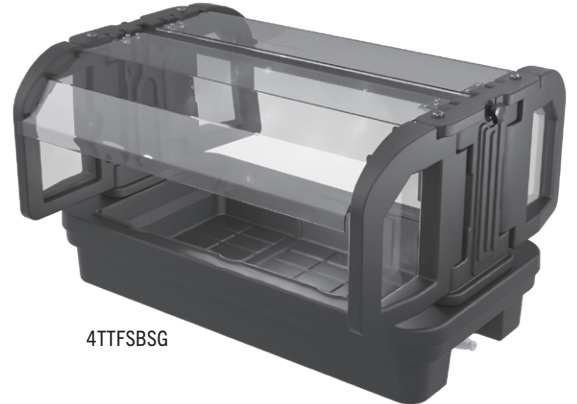

- Flexible pan configurations: Deep wells accommodate GN Food Pans in 2½", 4", and 6" depths and various sizes, ranging from full-size food pans to various fractional size food pans with divider bars.
- Add-on accessories: Buffet Camchillers can be used with 2½" and 4" deep GN Food Pans instead of ice. Additional compatible accessories include Versa Well Covers, ColdFest® Pans, Salad Bowl Holders, and Crock Holders.

Cleanability & Durability

- Simplified drainage: Integrated drain shelf and drain valve allow melted ice/water and cleaning solution to easily drain from the unit.
- Removable Sneeze Guards: Sneeze Guards are easy to take on and off for adequate sanitization of the entire part.
- Durable Base Construction: Built from dent, rust, and chip-resistant polyethylene with stainless steel hardware, the unit provides extra strength and durability. The scratch-resistant textured exterior is simple to clean – just wipe off.

Portability

- Service & transport: The Food Bar body fits on 4-6 foot long tables and passes through doorways. Sneeze Guards can be removed and flipped down for protection in transportation applications.
