TECHNICAL DETAILS

Overview of some of the standard features.

	Independent motors adjustable in depth for each spit.		Robust hinges designed for heavy use, with integrated locking in open and closed positions.		Easy and protected access to the compartment of connections and electrical components.
	Reinforced heating elements with stainless steel holders to keep them in place and removable stainless steel panels for easy cleaning.		Anti-scald K-glass reduces external thermal radiation (energy saving). Glass overlaps drip pan to keep splatters inside (anti-slip protection).		Removable inside side-panels doubles protection from grease seeping into motors and other sensitive parts.

ACCESSORIES

A variety of accessories are available. See video of available accessories and of vertical spit system online.
