Product Description:

The Empura E-UCF160 Ice Machine delivers high-performance ice production in a compact, undercounter design. Producing up to 160 pounds of full-cube ice daily with a 77-pound bin capacity, it's perfect for busy commercial spaces. Built with a sleek stainless steel exterior and durable plastic interior, it operates quietly at under 70 dB. Energy-efficient and eco-friendly, it uses R290 refrigerant and just 12.9 gallons of water per 100 pounds of ice. Compact, adjustable, and ETL-certified, the E-UCF160 is a reliable, space-saving solution for any kitchen or bar.

Intended For Commercial Use Only. Empura assumes no liability for component failure, factory defects or any other damages for units installed in non-commercial foodservice or residential applications.

About Empura Undercounter Ice Machines:

The Empura UCF & UCH Series Undercounter Ice Machines are compact and efficient, making them ideal for restaurants, bars, and cafes with limited space.
