

ThermoGlo™

Light System and Switch Options

Item No: _____
AIA FILE NO./ SPEC NO. _____
CONSULTANT/ CONTRACTOR APPROVAL _____

Marshall offers various options for the **ThermoGlo™** Food Warmers. An optional separate light system is available. This lighting system is available in the same lengths as the **ThermoGlo™** Food Warmers. Typically it is mounted beside the **ThermoGlo™** with a ½" air gap between. The light system is equipped with safety coated, NSF approved light bulbs. The bulbs are appliance type and equipped with heavy duty filaments for longer life.

Marshall also offers various optional controls for the **ThermoGlo™** Food Warmers. These control options range from a simple on/off switch to an adjustable infinite control to a precision adjustable solid state control. These are all field remote mounted from the **ThermoGlo™** Food Warmer. See the back of spec sheet for further details.

All Marshall Products are supported by a nationwide service organization and an in-house, full-time Customer Support Department. To place an order, call:
