- Heat-on indicating lamps
- 4" (102mm) stainless steel legs
- One-year limited parts & labor warranty (USA & Canada only)

Options & Accessories

- Stainless steel back and bottom
- Stand is available

Specifications

Dependable 7-1/2" (192 mm) diameter sealed solid element hot plate and recessed top ensure quicker clean-ups.

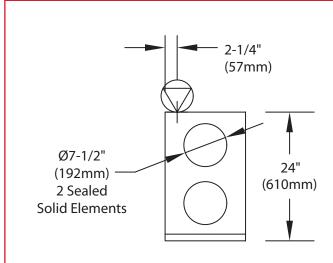

Each plate element is controlled by a switch with six heat positions.

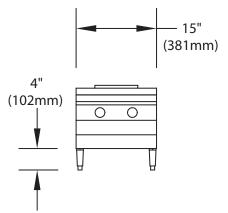

Elements are protected with a high limit which automatically reduces power to prevent over heating.

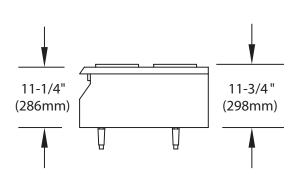

Garland products are not approved or authorized for home or residential use, but are intended for commercial applications only. Garland will not provide service, warranty, maintenance or support of any kind other than in commercial applications.

NOTE: - All 208V 1 phase 60 hZ models will be equipped with a 4-ft (1219mm) power cord and NEMA L6-30P plug (HUBBELL HBL2621 or equivalent)
