## Hakka 60Qt Dough Stand Mixer 4 Speed With Timer, 4 Function Stainless Steel Food Mixer with Meat Grinder Head(HLM60B-T)

### Technical Data

|               |                     |
|---------------|---------------------|
| Length        | 31.9"               |
| Width         | 44.5"               |
| Height        | 65"                 |
| Net Weight    | 941 LB              |
| Gross Weight  | 1073 LB             |
| Speed(r/min)  | 71/123/206/362      |
| Body Material | Iron                |
| Bowl          | 304 Stainless Steel |
| Beater        | Aluminum            |
| Hook          | Aluminum            |
| Voltage       | 220 V               |
| Power         | 3000 W              |

### Features

- Safety Features: Auto shut-off when the safety guard is open or bowl is lowered.
- Durable Construction: 304 stainless steel bowl and safety guard for sanitation and safety.
- Versatile Attachments: Includes beater, hook, and wire whisk for different mixing tasks.
- Three Fixed Speeds: Easy to operate with three preset speeds for versatile use.
- Low Noise: Operates quietly for a more comfortable working environment.

### Certifications

ETL, US & Canada

ETL Sanitation

## Technical Drawings

## Notes & Details

For safe and efficient operation, always place the mixer on a flat, stable surface. Ensure the power supply matches the mixer's voltage requirements to prevent damage. Before attaching or removing accessories, and during cleaning, always turn off and unplug the mixer. Set the timer according to the desired mixing time to avoid over-mixing, and use only the recommended attachments for optimal performance. Clean the mixer, including the bowl, attachments, and meat grinder head, after each use to maintain hygiene. Do not exceed the recommended capacity to prevent motor overload. Keep the mixer out of reach of children and never operate it without the safety guard or bowl in place. Avoid exposure to water or liquids, and periodically inspect the mixer for any wear or damage, replacing parts as needed to ensure long-lasting performance.
