

The APW Wyott RW series insulated round warmers keep hot food at the perfect serving temperature. Designed to run with water. Available in 7 quart and 11 quart versions. Made of stainless steel in the exterior and interior. Fully insulated to protect interior controls. SP designates soup package that includes inset, hinged cover and ladle.

FEATURES AT A GLANCE

- 7 quart (RW-1V) and 11 quart (RW-2V) capacity
- RW-1V and RW-2V models have heating elements surrounding the sides that evenly distribute heat throughout the unit.
- Effectively keeps hot foods, soups and sauces at consistent levels above 140° F.
- Stainless steel housing with stainless steel liner
- Thermostatic control (adjusts to low, medium, and high)
- Raised liner edge prevents outside condensation
- Control and cord are located on the back of the warmer
- Wet operation only
- SP designates soup package that includes inset, hinged cover, and ladle

WARRANTY

APW Wyott Warming Equipment styles are backed by a 1-year Parts and Labor warranty, including our “Enhanced Warranty” service that replaces new units with certain product issues through the convenience of direct factory shipments.
