About Empura Mop Sinks:

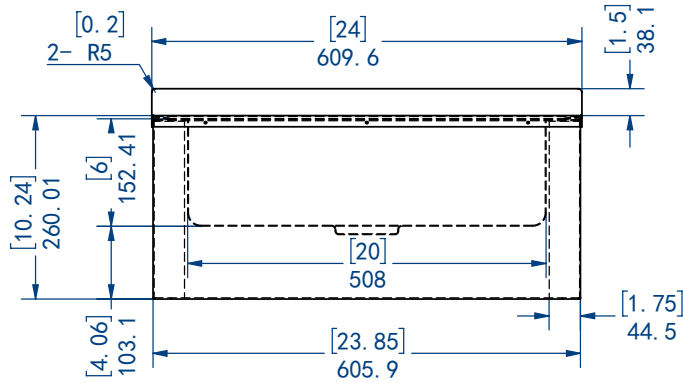

The EMS Series Empura stainless steel mop sinks are designed to offer durability, convenience, and hygiene for commercial cleaning operations. Constructed from high-quality stainless steel, these mop sinks are resistant to corrosion and staining, making them ideal for demanding environments such as restaurants, janitorial closets, and industrial facilities. The EMS Series typically features a deep basin to accommodate large mop buckets and prevent splashing. All models include integral backsplash guards to protect walls from water damage and reduce cleaning time. With easy-to-clean surfaces and a focus on ergonomic use, Empura EMS Series mop sinks help maintain sanitation standards while simplifying daily maintenance tasks.
