Product Description:

The Empura E-KDD2-2 Direct Draw Beer Dispenser offers 12.5 ft³ storage in a compact, dual-tap design, holding two 1/2 kegs. Its black vinyl exterior and galvanized interior with a stainless steel floor ensure durability. Features include a digital LED thermostat, forced air cooling, and CFC-free insulation. Two self-closing, lockable doors and front-locking casters provide security and mobility, while the polished dual-tap tower ensures smooth dispensing.

About Empura Direct Draw Beer Dispensers:

The Empura E-KDD Direct Draw Beer Dispensers are the perfect solution for serving ice-cold draft beer in bars, restaurants, and event spaces. Designed with a sleek stainless steel exterior and insulated interiors, these dispensers ensure optimal temperature retention for fresh, crisp pours every time. Equipped with direct-draw taps and spacious kegerator storage, they accommodate various keg sizes for versatility. Easy to maintain and built for durability, the Empura E-KDD beer dispensers offer a reliable and efficient way to enhance your beverage service!

Intended For Commercial Use Only. Empura assumes no liability for component failure, factory defects or any other damages for units installed in non-commercial foodservice or residential applications.
