Product Description:

The Empura EGSM-36 Salamander Broiler combines power and versatility in a durable stainless steel design with a sleek silver finish. Fueled by natural gas, its six infrared burners deliver 36,000 BTUs of heat within a 250-800°F range. Featuring two cool-touch chrome knobs for precise temperature control, it offers 3 grill rack positions, 5 locking height settings, and a built-in 3-slot rack system. A stainless steel crumb tray ensures easy cleaning, while the included wall-mounting kit provides flexible installation, making it ideal for high-performance cooking.

Intended For Commercial Use Only. Empura assumes no liability for component failure, factory defects or any other damages for units installed in non-commercial foodservice or residential applications.

About Empura Gas Cheese Melters:

The Empura EGSM Salamander Broilers are powerful and versatile appliances designed for precise cooking, broiling, and finishing. Perfect for commercial kitchens, these units deliver even heat distribution with adjustable settings to handle a variety of cooking tasks, from melting cheese to searing steaks. Built with durable stainless steel construction, they ensure longevity and easy cleaning. Compact yet robust, the Empura EGSM Salamander Broilers are an essential tool for chefs looking to achieve professional, consistent results in their food preparation.
