Product Description:

The Empura ESP-1 Stock Pot Range delivers powerful performance with a high-power single burner producing 110,000 BTU. Constructed from durable stainless steel with a sleek silver finish, it features robust cast iron grates and burners for reliability. Two cool-touch chrome knobs provide manual temperature control for the outside and inside rings. A 3/4" NPT rear gas connection and field-convertible NG to LP kit add versatility. Equipped with a stainless steel drip pan tray for easy cleaning and adjustable 4" plate-mounted legs, this range is built for efficient and sturdy operation.

Intended For Commercial Use Only. Empura assumes no liability for component failure, factory defects or any other damages for units installed in non-commercial foodservice or residential applications.

About Empura Gas Stock Pot Ranges:

The Empura ESP Stock Pot Ranges are durable, high-performance cooking solutions designed for heavy-duty commercial use. Engineered to handle large stockpots with ease, these ranges deliver powerful, consistent heat for soups, stews, and sauces. Featuring a sturdy stainless steel construction and easy-to-clean surfaces, they are built to withstand the demands of busy kitchens. Compact and efficient, the Empura ESP Stock Pot Ranges are an essential addition for any foodservice operation requiring reliable and robust cooking equipment.
