Product Description:

The Empura E-SB300 Ice Storage Bin is a durable and efficient solution for commercial ice storage, holding up to 308 pounds of ice. Built with a sturdy 304 stainless steel exterior and a polypropylene liner for easy cleaning, it ensures long-lasting reliability. Designed with adjustable feet for stability, this ETL-sanitation-certified bin meets NSF-4 standards, making it a dependable choice for restaurants, bars, and other foodservice operations needing ample ice storage.

About Empura Modular Ice Machines:

Empura E-SB Ice Storage Bins offer durable and sanitary ice storage for commercial kitchens and bars. Featuring a 304 stainless steel exterior and an easy-to-clean polypropylene liner, they ensure long-lasting performance. Designed to pair with Empura modular ice machines, these bins provide ample capacity with adjustable feet for stability. ETL-sanitation certified and NSF-4 compliant, they are a reliable choice for efficient ice management.

Intended For Commercial Use Only. Empura assumes no liability for component failure, factory defects or any other damages for units installed in non-commercial foodservice or residential applications.
