

General Information

Project Name: _____

Consultant: _____

Item #: _____

Model #: _____

Quantity: _____

Model #TT2855-5

Specifications

TT Model Transport Trucks are constructed of 16GA Type 300 Series stainless steel shelves with 1¼" 16GA stainless steel square tubing. Shelves are turned down and in for extra strength. Shelves are placed approximately 10½" apart.

(2) integral handles on each side of truck are constructed of 1¼" square tubing.

Unit sits on 5" casters, (2) w/ brakes. Corner bumpers are on all (4) sides of cart bottom.

Unit is fully welded and polished to #4 finish. Unit ships assembled.

Product Guide

IMC Transport Trucks can be used to easily transport food, drinks, and other necessary items around the facility such as in hotels, restaurants, catering halls, and other food service establishments.

Handles let you push or pull the cart easily. Spacing between shelves makes it easy to load and unload cart.

Options

- ☐ Custom Shelf Spacing
- ☐ **BAC** - Add Brakes to Casters (Standard Is 2 with Brakes)
- ☐ **PLG-70** - Perimeter Ledge
- ☐ Custom Sizes
