EASYROSE 24" Radiant Gas Charbroiler Countertop Gas Grill with 4 Burners 80,000 BTU, ETL Certified (HRC-24)

Technical Data

Length	24.02"
Width	30.47"
Height	18.46"
Net Weight	198.4 LB
Gross Weight	255.7 LB
Gas consumption	NG: 2.104 (m ³ /h) LPG: 0.906(m ³ /h)
Burners	4
Controls	4
Material	Front 304,Sides 430
Power(BTU)	80000

Features

- **Efficient Heating:** Four powerful burners, each providing 20,000 BTU/hour, ensure fast and even cooking for a variety of dishes.
- **Durable Construction:** High-quality stainless-steel construction with ETL certification offers durability, heat resistance, and a professional appearance suitable for any kitchen environment.
- **Effective Grease Management:** Angled cast iron grates with oil leakage holes direct grease into the drip pan, enhancing flavor and simplifying cleanup.
- **Ease of Maintenance:** Stainless steel surfaces and a removable drip tray make cleaning straightforward, saving time between us .
- **Versatile and Adjustable:** Equipped with 4" stainless steel adjustable legs, this grill adapts easily to different kitchen set ups, making it suitable for cafeterias, restaurants, and commercial kitchens.

Notes & Details

The EasyRose commercial grill features four burners, each providing 20,000 BTU/hour, with separate gas valves for precise control. Made from high-quality stainless steel, this ETL-certified broiler is resistant to high temperatures, rust, and is designed for long-lasting performance. It includes independent knobs and a ¾" rear NPT gas inlet, showcasing a polished finish that gives it a professional look suitable for any kitchen. The reversible cast iron grates are angled to promote grease drainage into the drip pan, enhancing flame intensity and creating attractive grill marks on a variety of foods such as chicken, fish, and steaks. An oil leakage hole directs excess oil into a removable tray, simplifying operation and cleanup. The stainless-steel construction prevents food from sticking, ensuring easy maintenance, while the removable tray captures crumbs and excess oil for quick cleaning. The grill also features adjustable 4" stainless steel heavy-duty legs for customizable height. This versatile gas grill is perfect for cafeterias, restaurants, and commercial kitchens. It ships ready for a natural gas connection but can be converted for liquid propane use, complete with a regulator for added convenience.
