Notes & Details

When using the Commercial Countertop Bakery Display Case, it is important to place the unit on a stable, level surface to ensure proper functionality and safety. Avoid using abrasive cleaners or harsh chemicals on the tempered glass and stainless steel surfaces, as they may cause damage. Regularly check the temperature settings to ensure that your baked goods are kept at the optimal temperature. The unit is designed for dry, well-ventilated environments, so avoid exposing it to excessive humidity or extreme heat. Always follow the manufacturer's instructions for setup, operation, and maintenance to ensure the longevity and efficiency of the display case. Additionally, regularly clean the unit and inspect the electrical components to maintain its performance.
