

SOILED DISH TABLES

Straight Design

FEATURES

Soiled dish tables standard with 20"x20"x8" pre-rinse bowl.

5/8" radius on all corners for ease of cleaning.

Sanitary 180° rolled edges at free sides.

Tops are sound deadened.

Stainless steel under bracing locations provide solid top and minimal deflection.

CONSTRUCTION

Top: All edges shall be die formed with corners welded to form one-piece sanitary unit. All welds shall be ground and finished to blend with adjacent surfaces.

Bracing: Shall be stainless steel C-channels front and back at leg locations and left to right at center of table.

Legs: Shall be 1 5/8" O.D. Stainless Steel H-frame legs.

Backsplash: Shall be integrally formed 9" high including 2" return at 45° angle with ends closed.

Bowls: Shall be die formed with front, bottom, and back from one sheet with ends seam welded to form one-piece sanitary unit. All exposed welds are ground smooth and polished to blend with adjacent surfaces.
