Product Description:

The Empura EGCM-36 Cheese Melter is built for performance and durability with its sleek stainless steel construction and silver finish. Featuring a gas infrared broiler, it delivers 30,000 BTUs of heat with a temperature range of 250-800°F. Designed for efficiency, it offers 3 grill rack positions, a removable chrome-plated broiler rack, and a stainless steel 3-slot rack system. A cool-touch zinc-alloy knob ensures safe manual temperature control, while the oil collector simplifies cleanup. With a 3/4" NPT rear gas connection, this unit is perfect for versatile, high-quality results.

Intended For Commercial Use Only. Empura assumes no liability for component failure, factory defects or any other damages for units installed in non-commercial foodservice or residential applications.

About Empura Gas Cheese Melters:

The Empura EGCM Cheese Melters are versatile, high-performance appliances designed to perfectly melt, toast, or brown a variety of dishes. Ideal for commercial kitchens, these units provide consistent, even heat with adjustable settings to accommodate different food items and preparation needs. Built with durable stainless steel construction, they are easy to clean and designed for long-lasting use. Compact and efficient, the Empura EGCM Cheese Melters are perfect for finishing dishes, enhancing flavors, and delivering professional results in busy foodservice environments.
