Straight Countertop Shown with Optional Sink, Backsplash, Side Splash, Faucet & Soap Dispenser

Specifications

TFS Models are constructed of 16GA s/s type 304 with ½" radius corners. Where 4" backsplash meets the top, Tops can have any of the shown edges. 8" Deep s/s bowl. Has 1" radius corners and is integrally welded to top. All exposed welds are ground and polished to a satin finish. Tops are reinforced with m.s. channeling for rigidity and for easy attachment to any cabinet. Tops and bowls sound deadened sizes and location of bowls as required.
