Specifications

GLC-1 Model Glass Rack Cart is constructed from 16GA type 300 series S/S with "V" edge on all sides.

Unit has 5" casters, (2) with brakes & a push/pull handle constructed of 16GA S/S 1" tubing.

Front guard is also constructed of 16GA 1" tubing & helps to keep racks stable during transport. Unit accommodates 20" x 20" racks. Revolving bumpers are included with the unit.

Overall dimensions are 22⁵/₈"W x 22⁵/₈"L x 40"H. Weight capacity is estimated to be 200 lbs & the unit can hold 6 racks comfortably.

Carts are polished smooth to a #4 brushed satin finish.

Product Guide

IMC Glass Rack Carts are a convenient way of bussing around clean or dirty glasses in your commercial kitchen or at events.

Sleek & lightweight, IMC Glass Rack Carts also provide high volume storage of glassware.

The "V" edge surface eliminates the possibility of broken glass or incidents.

Overall, the unit is easy to maneuver & easy to clean as well.

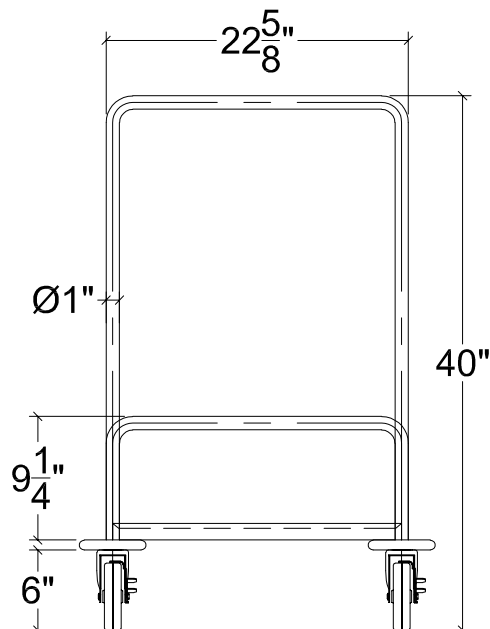

Options

- ☐ **BAC** - Brakes on All Casters
