Product Description:

The Empura E-KDD1 Draft Beer Dispensing Tower is a compact, single-door direct draw beer dispenser designed for efficiency and durability. With an 8.1 ft³ capacity, it holds one 1/2 keg and features a polished single tap tower. Its black vinyl exterior, galvanized interior, and stainless steel floor ensure long-lasting performance. Equipped with an electronic thermostat, forced air cooling, CFC-free insulation, and front-locking casters, it offers precision, reliability, and mobility.

About Empura Direct Draw Beer Dispensers:

The Empura E-KDD Direct Draw Beer Dispensers are the perfect solution for serving ice-cold draft beer in bars, restaurants, and event spaces. Designed with a sleek stainless steel exterior and insulated interiors, these dispensers ensure optimal temperature retention for fresh, crisp pours every time. Equipped with direct-draw taps and spacious kegerator storage, they accommodate various keg sizes for versatility. Easy to maintain and built for durability, the Empura E-KDD beer dispensers offer a reliable and efficient way to enhance your beverage service!

Intended For Commercial Use Only. Empura assumes no liability for component failure, factory defects or any other damages for units installed in non-commercial foodservice or residential applications.
