

General Information

Project Name: _____

Consultant: _____

Item #: _____

Model #: _____

Quantity: _____

Specifications

USHC Corner Utility Shelf is constructed of 18GA type 300 series S/S with 45° turndown on all sides for stability and radius front edges.

Overall size is 16" x 16" x 8" and has 3 mop holders and 2 hooks for rags.

Support flanges are integral to shelf. Mount on wall with (4) bolts through the support flanges.

Product Guide

Utility shelf fits snug in the corner utilizing dead space to store cleaning products. Unit is placed above corner mop sink (FS-C) which utilizes the corner completely.

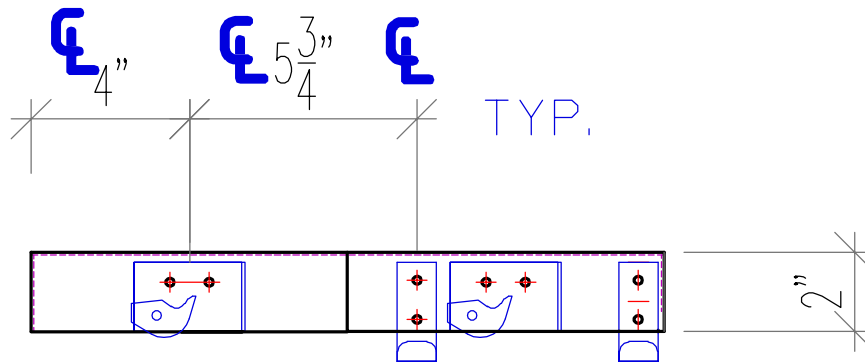

Options
