Product Description:

The Empura E-HPI1836 is a full height holding / proofing cabinet with a sturdy and elegant aluminum construction, (36) 18" x 26" pan capacity, and manual temperature controls. This holding / proofing cabinet features energy efficient insulation and the clear door allows the operator to view the contents. This model stands on 5" casters, the front two of which have locks to help prevent unintentional movement and keep the unit steady.

Intended For Commercial Use Only. Empura assumes no liability for component failure, factory defects or any other damages for units installed in non-commercial foodservice or residential applications.

About Empura Holding / Proofing Cabinets:

Empura Holding / Proofing Cabinets are an economical choice when you are looking to update or expand your kitchen's heated holding and dough proofing capacity. Sturdy aluminum construction, cabinet insulation, and high pan capacities make these cabinets a dependable option for business owners. You can count on the Empura Holding / Proofing Cabinets to proof dough perfectly and keep food at the proper temperature for safe serving.
