### Product Description:

The Empura EEF40208PH3 is a 2 basket electric fryer with a large flat 12kw heating element and thermostatic controls with a temperature setting range of 160°F to 370°F and a 450°F high temperature limit safety shut off feature. This fryer includes 2 baskets, stainless steel basket hanger, and a drain valve extension. This model also features a 40lb oil capacity and a prompt response thermostat for fast temperature recovery.

**Intended For Commercial Use Only.** Empura assumes no liability for component failure, factory defects or any other damages for units installed in non-commercial foodservice or residential applications.

### About Empura Fryers:

Empura Fryers are an economical choice when you are looking to outfit or replace your current fryers, or expand your commercial kitchen's capacity to produce fried food. The galvanized / stainless steel construction and high capacity fry pots make these fryers a dependable option for business owners. You can count on Empura Fryers for almost any frying related task you may need accomplished.
