Chemical Sanitizing Door-Style Dishwashing Machine

SPECIFIER STATEMENT

Specified unit will be a Hobart AM16SCB electric chemical sanitizing door type commercial dishwasher with built-in booster heater. Features include chemical pumps, 5-sided insulated hood, touchscreen controls with WiFi connectivity, NSF pot and pan rating for 2-, 4- & 6-minute cycles, 17" door opening, pumped drain, auto door start with auto fill, interchangeable stainless steel rinse arms and X-shaped wash arms, delime cycle, advanced diagnostics and service connection, up to 72 racks per hour, .67 U.S. gallons per rack pumped final rinse.

1 year parts and labor warranty.

STANDARD FEATURES

- + .67 gallons per rack pumped final rinse
- + 72 racks per hour chemical sanitizing
- Chemical pumps
- Temperature and chemical lock outs
- Two stage filtration
- Pillarless opening
- 5-sided insulated hood
- User-friendly smart touchscreen controls
- + Single point electrical connection
- + WiFi connectivity
- + SmartConnect app and cloud with machine status, temperature logs, error code reporting, and cost, consumption and usage analysis
- + Pumped drain
- + Timed wash cycles for 1, 2, 4 or 6 minutes
- NSF pot and pan rating for 2-, 4- & 6- minute cycles
- + Sense-A-Temp[™] 30°F rise electric booster heater
- + Self-draining, high efficiency wash pump with stainless steel impeller
- + 17" door opening accommodates one 18" x 26" sheet pan or 30" sandwich cutting board
- + Stainless steel drawn tank, tank shelf, chamber, trim panels, frame
- + Spring counterbalanced chamber with reinforced, thermo-plastic rollers
- + X- shaped revolving, interchangeable upper and lower anticlogging wash arms
- Revolving, interchangeable upper and lower rinse arms
- Slanted, self-locating, one-piece scrap screen and basket system
- Automatic fill
- Door actuated start
- AutoClean
- Service diagnostics
- Straight-through or corner installation
- Delime cycle with notification
- Remote monitoring compatible

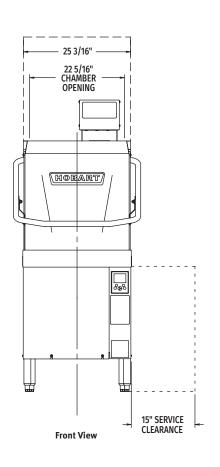

OPTIONS & ACCESSORIES (Available at extra cost)

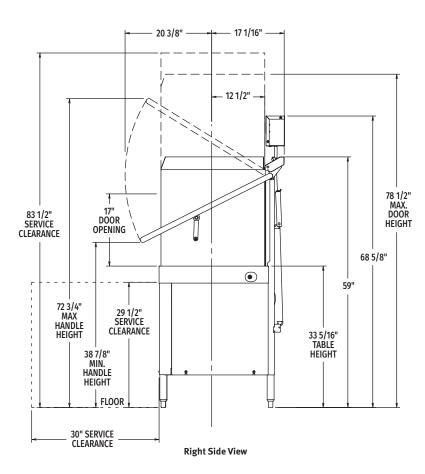

- ☐ Peg rack
- □ Combination rack
- Door lock kit
- ☐ Splash shield for corner installations
- ☐ Bolt down and weld down feet
- Water hammer arrestor kit
- ☐ Rapid fill kit
- □ Pumped drain air gap
- □ Drain saddle
- □ Touchscreen guard
- ☐ Sink integration kit
 - + Sink saddle & 3" leg extension
 - + Sink rail kit
 - + Fold down table

LEGEND

Electrical Connections		
E2	Electrical connection: single point electrical connection, 1" or 3/4" conduit hole; 14-11/16" AFF.	
E4	Electrical connection: vent fan control (VFC1 & VFC2) switching circuit only 1.5 amps @ nameplate supply voltage; 1/2" conduit hole, 17-3/16" AFF.	
Plumbing Connections		
P1	P1 Common water connection including booster heater: 120°F water recommended, 90°F water minimum, 15-65 PSI recommended; 3/4" female garden hose fitting on 8' long hose supplied with machine; 11-15/16" AFF.	
Р6	Drain connection: 5/8" barb fitting with 6' long hose supplied with machine; 34-13/16" AFF. Maximum height 40" AFF.

Note: Machine may be connected to MCA-MPD of 30 or 40 amps at 208 volts and 35 or 40 amps at 240 volts.

Electrical Note: Dishmachine not provided with internal GFCI protection.

Chemical Sanitizing Door-Style Dishwashing Machine

Plumbing Notes

Water hammer arrestor (meeting ASSE-1010 standard or equivalent) to be supplied (by others) in common water supply line at service connection.

Recommended water hardness to be 3 grains or less for best results.

Note: Electric heating unit & booster (kW) calculated at 208V.

Recommended building flowing water pressure to the dishwasher at or above 20 PSI. Pressures lower than 20 PSI may affect machine fill/start-up times.

This is a pumped rinse machine. Pressure regulating valve is not necessary.

For convenience when cleaning, water tap should be installed near machine with heavy duty hose and squeeze valve.

For optimal performance, Hobart recommends maintaining a dishroom temperature of 65°F (18°C) or higher, as lower temperatures may hinder the machine's capacity to operate effectively (with lower performance as ambient temperature decreases).

Miscellaneous Notes

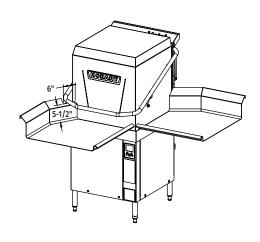

All dimensions taken from floor line may increase 7/8" or decrease 3/8" depending on leg adjustment.

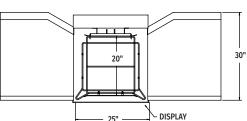

Net weight of machine including booster: 310 lbs. Domestic shipping weight including booster: 330 lbs.

Size of racks - 19-3/4" x 19-3/4".
