Product Description:

The Empura EGG-36ST Griddle is a robust, countertop cooking powerhouse designed for commercial kitchens. Equipped with three thermostatically controlled U-shaped tube burners, each delivering 30,000 BTU, this griddle boasts a total output of 90,000 BTU and operates efficiently on natural gas with a 3/4" gas connection. Its adjustable stainless steel legs ensure stability, while the 3-inch welded stainless steel back and side splashes help contain grease and food debris. With a temperature range of 150°F to 450°F, this griddle is ideal for a variety of cooking applications, all in a compact, countertop-friendly design.

Intended For Commercial Use Only. Empura assumes no liability for component failure, factory defects or any other damages for units installed in non-commercial foodservice or residential applications.

About Empura Gas Griddles:

Empura gas griddles are durable, efficient, and versatile, perfect for commercial kitchens. With stainless steel construction, mild steel cooking surfaces, and powerful U-shaped burners, they deliver consistent results. Thermostatic or manual controls and a wide temperature range handle diverse cooking needs, while features like adjustable legs and welded splash guards ensure reliability and convenience for busy operations.
