About Empura Aluminum Dunnage Racks:

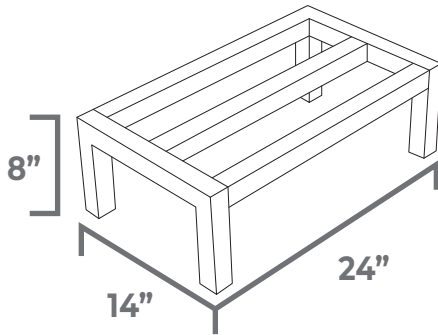

The Empura E-ADR Dunnage Racks are heavy-duty storage solutions designed to keep items elevated off the floor, ensuring proper air circulation and maintaining sanitary conditions in commercial kitchens, storage rooms, and warehouses. Constructed from durable aluminum, these racks offer exceptional strength and resistance to corrosion, making them ideal for holding bulk food supplies, equipment, or other heavy items. Available in various sizes, the E-ADR series is NSF-certified, ensuring compliance with health and safety regulations. With a sturdy, easy-to-clean design, these dunnage racks help optimize storage efficiency while preventing moisture buildup and contamination.
