Hot/Cold Built-In Simulated Stone[▽] Shelves

Models: HCSSB-2418, -3018, -3618, -4818
HCSSBR-2418, -3018, -3618, -4818
HCSSBX-2418, -3018, -3618, -4818

Give your operation ultimate flexibility with Hatco's innovative, patented Hot/Cold Simulated Stone Shelves Built-In. They easily transition between a heated to cold and cold to heated shelf! These sturdy shelves are available in three attractive Swanstone[®] colors, three different Dekton[®] stone surfaces, and black or white ceramic glass top surfaces.

The remote HCSSBR, HCSSBX models have the added benefit of offering design flexibility for fabricators.

Standard features

- Shelves change modes from hot to cold or vice versa in as little as 30 minutes, allowing quick change for different dayparts
- HCSSB units have an attached Condenser and Control Box. HCSSBR units have unattached Condenser and Control Box. HCSSBX units have no Condenser (condenser supplied by others) and unattached Control Box
- HCSSB(R) condensers utilize R-513A refrigerant. HCSSBX models allow shelves to be cooled with other refrigerants
- With HCSSB models, condensing unit may be mounted up to 4' (1219 mm) away from the center of shelf
- Condensing unit features easy serviceability with sight glass, service valves, dryer/filter and receiver (HCSSB, HCSSBR models only)
- HCSSB models offer a long, flexible, refrigerant line which allows condensing unit to be pulled out for service
- Patented thermal break reduces condensation and temperature transfer on adjacent surfaces
- All units have an Electronic Temperature Control Box with a 4' (1219 mm) lead wire standard
- All models are bottom mount, flush with the countertop
- Models shipped with a shelf assembly with a temperature probe, assembled TXV valve (shipped loose on HCSSBR, HCSSBX models), control box (shipped loose on HCSSBR, HCSSBX models), liquid line solenoid valve attached to the shelf (HCSSBX models only)
- HCSSB, HCSSBR models include a condensing unit (HCSSB shipped attached, HCSSBR shipped loose)
- All models are not available with CE Mark

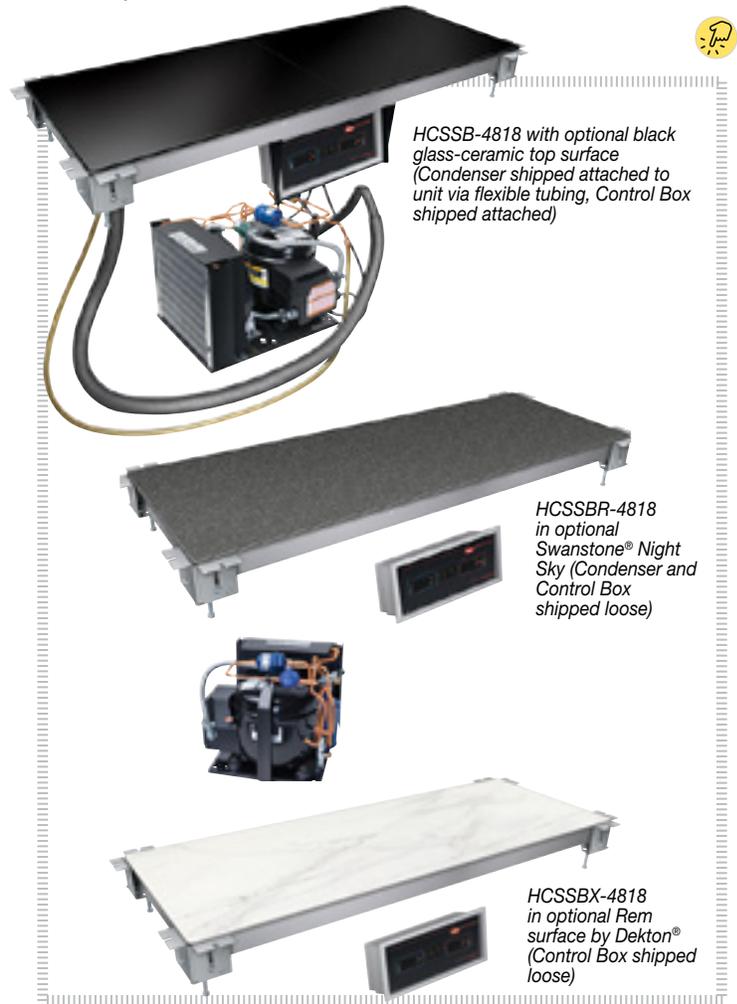

[▽] Simulated Stone refers to Swanstone[®] or Dekton[®] stone.

* HCSSB models available in Domestic, Canadian and Export Price Lists only.

NOTE: Install Remote Box outside Heat Zone or damage will occur.

For operation, location and safety information, please refer to the Installation and Operating Manual.

HCSSB-4818 with optional black glass-ceramic top surface (Condenser shipped attached to unit via flexible tubing, Control Box shipped attached)

HCSSBR-4818 in optional Swanstone[®] Night Sky (Condenser and Control Box shipped loose)

HCSSBX-4818 in optional Rem surface by Dekton[®] (Control Box shipped loose)

Options (available at time of purchase only)

Swanstone[®] Simulated Stone Colors – Night Sky Standard (Non-standard colors are non-returnable)

- Gray Granite
- Bermuda Sand

Simulated Stone Colors – Dekton[®] Surfaces[®] (All Dekton[®] surfaces are non-returnable)

- Rem
- Domoos
- Soke

Glass-Ceramic Top Surfaces

- Black Glass
- White Glass

Additional four year parts only warranty on the compressor available at time of purchase (U.S. and Canada only)

Longer cord - allows Control Box to be located 7.5' (2286 mm) from unit – 4' (1219 mm) Standard (HCSSB 220V, 230V, 240V models only)

Longer conduit - allows Condenser to be located 7.5' (2286 mm) from unit – 4' (1219 mm) Standard (HCSSB 220V, 230V, 240V models only)

HCSSB(R) models only:

PRODUCT SPECS Hot/Cold Built-In Simulated Stone[™] Shelves

The patented Hot/Cold Built-In Simulated Stone Shelf shall be model ... as manufactured by the Hatco Corporation, Milwaukee, WI 53234 U.S.A.

The Hot/Cold Built-In Simulated Stone Shelf shall be rated at ... watts, ... volts, and ... inches (millimeters) in overall width.

™ Simulated Stone refers to Swanstone® or Dekton® stone.

Remote Hot/Cold Built-In Simulated Stone[™] Shelves (HCSSBR, HCSSBX models)

The patented Remote Hot/Cold Built-In Simulated Stone Shelf shall be model ... as manufactured by the Hatco Corporation, Milwaukee, WI 53234 U.S.A.

The Remote Hot/Cold Built-In Simulated Stone Shelf model shall be rated at ... watts, ... volts, and ... inches (millimeters) in overall width.

™ Simulated Stone refers to Swanstone® or Dekton® stone.

It shall utilize R-513A refrigerant and consist of simulated Simulated Stone[™] surface shelf assembly, condenser attached to evaporator with 5 foot (1524 mm) flexible tubing, adjustable bracket with cord and plug attached and attached Electronic Temperature Control Box.

Warranty consists of 24/7 parts and service assistance (U.S. and Canada only).

The HCSSBR models shall utilize R-5134A refrigerant. The HCSSBR and HCSSBX models shall consist of a Simulated Stone[™] material surface or optional glass-ceramic top surface shelf assembly with temperature probe, unattached TXV valve, unattached Electronic Temperature Control Box, unattached condenser (HCSSBR models only) and solenoid valve attached to shelf (HCSSBX models only).

Warranty consists of 24/7 parts and service assistance (U.S. and Canada only).
