Product Description:

The Empura ESP-1M Stock Pot Range combines power and efficiency in a compact design. Featuring a high-power single burner with 80,000 BTU heat output, it's perfect for demanding kitchen tasks. Its durable stainless steel construction and cast iron grate ensure long-lasting performance. Equipped with two cool-touch chrome knob controls (outside and inside ring) and a 3/4" NPT rear gas connection, it offers precise manual temperature adjustment. Additional features include stainless steel pilot ignitors, a drip pan tray for easy cleaning, and 4" adjustable plate-mounted legs. Field convertible for versatility.

Intended For Commercial Use Only. Empura assumes no liability for component failure, factory defects or any other damages for units installed in non-commercial foodservice or residential applications.

About Empura Gas Stock Pot Ranges:

The Empura ESP Stock Pot Ranges are durable, high-performance cooking solutions designed for heavy-duty commercial use. Engineered to handle large stockpots with ease, these ranges deliver powerful, consistent heat for soups, stews, and sauces. Featuring a sturdy stainless steel construction and easy-to-clean surfaces, they are built to withstand the demands of busy kitchens. Compact and efficient, the Empura ESP Stock Pot Ranges are an essential addition for any foodservice operation requiring reliable and robust cooking equipment.
