FEATURES & BENEFITS

- Available in 1-4 bowl configurations with 2.11 gallon (8L) bowls.
- Magnetic drive agitator is suitable for most beverages, and is recommended for juices that can foam such as natural fruit juices.
- Stainless steel cabinet and a stainless steel drip-free spigot are durable and easy to clean.
- Bowls and dispensing handles are easy to remove and clean.
- Gravity-fed spigot quickly dispenses without electricity.
- Easy, worry-free operation. One rocker switch controls power, refrigeration and bowl circulation.
- Clear bowls promote product options, and allow customers to quickly choose their favorite chilled beverage.
- Larger-capacity, durable drip trays reduce spillage and keep countertops clean.
- Stoelting Foodservice provides assistance 24 hours a day, seven days a week.

CLEARANCE & ENVIRONMENT REQUIREMENTS

- Indoor use only.
- Place unit on a clean flat surface capable of supporting the weight when all bowls are filled to capacity.
- Place unit away from heating sources.
- For optimal performance place unit in area with ambient temperature range of 60–86°F (15–30° C).
- Minimum clearance required: 6 in. (15.2 cm) on back and sides of unit for ventilation.
- Allow room for easy access to dispenser spigots.

RECOMMENDED APPLICATIONS

Designed for chilled beverages such as juices, lemonades, sports drinks and flavored beverages. Not intended for use with beverages that include pieces of fruit, large pulp, seeds, or products requiring time-temperature control for safety.
