SVD
Vent Duct

General Information

Project Name: _____

Consultant: _____

Item #: _____

Model #: _____

Quantity: _____

Shown w/
Top Collar

Specifications

SVD Vent Duct is constructed of 18GA Type 304 stainless steel & polished to a #4 brushed finish.

All external seams are continuously welded & ground smooth so that the hood is moisture proof.

Available in straight & mitered construction. Collar comes standard with unit.

Product Guide

IMC Vent Ducts are a vital part of your ventilation system for filtering out toxic fumes & regulate temperature.

They are primarily used with appliances that produce greasy byproducts & smoke created while cooking.

They are also suitable with appliances that produce only heat & steam.
