- **Crossbracing:** 1¼" OD stainless steel tubing notched and welded to legs.
- **Feet:** Stainless steel adjustable bullet type.

Product Guide

Dishtables provide the perfect space to place dirty dishes before running them through your commercial dishwasher or to store clean dishes before they are put away. Choose from straight, L-shaped, or U-shaped tables to set up a ware-washing area that accommodates your daily routine. Link a dishtable to your conveyor, single, or double rack dishwasher, or connect one to your three compartment sink, so you can wash dishes more efficiently. We also offer undercounter styles for use in your bar or small prep area.

Options
