Specifications

ICM-36 Model Mobile Grab & Go Station is constructed of 14GA Type 304 stainless steel. Ice bin area is 19" x 31" x 7" deep with perforated false bottom and 1" drain. Ice bin is insulated double wall construction.

Cabinet base under ice bin for storage has two hinged doors with pull handles and locks for security. 18GA S/S apron and panels enclose the unit. Unit comes with 5" casters, (2) with brakes.

Integral mounted merchandising shelf is 18GA type 300 series stainless steel and is mounted on 1⅝" S/S tubing and then welded to cabinet body. Shelf has 2" turn up on all sides.

12" wide utility shelf is constructed of 16GA type 300 series stainless steel. Shelf is on fold down brackets.

Overall size of unit is 24" wide x 36" long x 61¾" high, 38" long when shelf is down. Length is increased to 48" when shelf is in upright position.

Product Guide

ICM-36 is designed to display your nutritous snacks & keep drinks cold. The unit enables you to serve your customers easily & increase meal participation.

Unit is on casters for easy mobility and can be used indoors or outdoors. Mobile design allows for quick, safe positioning to promote social distancing in your facility.

Storage area can be used for snacks, cups, napkins, straws, extra drinks, etc.
