

THREE-DRAWERS ENCLOSED CABINETS WITH 4" BACKSPLASH

Features

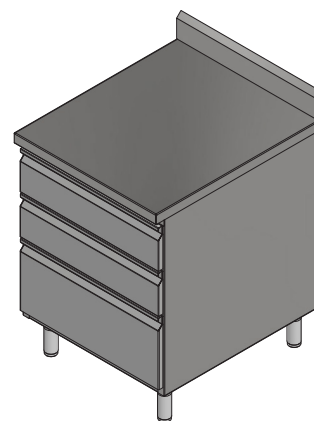

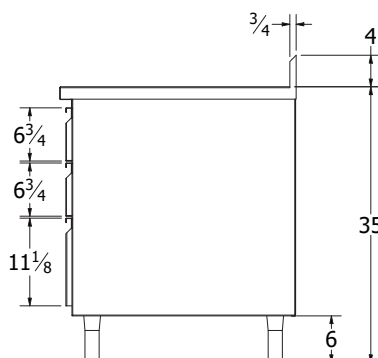

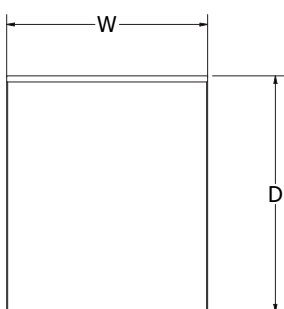

- All welded stainless steel construction
- Drawers with smooth ball bearing slides
- 5" Deep stainless steel pan
- Removable pan for easy cleanup

Description **Three-Drawers Enclosed Cabinets with 4" Backsplash**

This three-drawers set offers an incredibly convenient place to store all of your go-to tools. Its spacious, easy-to-install design combines with smooth, reliable operation to provide you with a valuable addition to your workstation without breaking the bank. To meet the demanding requirements of your busy commercial kitchen, this drawer cabinet boasts a stainless steel construction that is built to last! For added peace of mind and protection against accidental collisions and spills, the front panel is made of rugged stainless steel.
