Stainless Steel Single Pass-Through Shelves

These stainless steel single pass-through shelves provide durable storage for foodservice operations. Designed for wall mounting, each unit supports accessible, organized staging between work areas.

Features:

- Stainless steel construction using 300 series, 16 gauge material
- Available in 18" and 24" shelf widths
- 18" wide shelves include 2" x 4" L brackets
- 24" wide shelves include 5" x 5" cantilever brackets
- Bracket quantity varies by length, 2 or 3 brackets per unit
- **Custom sizes available**

Benefits:

- Stainless steel construction supports long-term use in demanding environments
- Multiple size configurations allow proper fit for different wall layouts
- Included brackets provide secure wall mounting based on shelf depth
- Varying bracket quantities support stability across longer shelf lengths
- Wide range of lengths accommodates different storage capacity needs
- Custom sizing option allows alignment with specific project requirements
- Moderate product weight supports easier handling during installation
