

Special Features:

- ✓ 1 solid swing door
- ✓ 24.1"W x 31.89"D x 38.7"H
- ✓ 33F to 41 F temperature range
- ✓ CFC free refrigerant and foam
- ✓ R290 refrigerant
- ✓ Electronic thermostat and digital LED temperature display
- ✓ Self-closing door
- ✓ Magnetic gasket can be replaced without any tools
- ✓ Stainless steel top, interior and exterior
- ✓ ETL, ETL Sanitation
- ✓ Tested and conforms to NSF-7 Standards

Product Description:

The Empura E-KBB24-1-29-S is a compact, high-efficiency back bar cooler designed to maximize beverage storage in tight commercial spaces. Featuring a durable stainless steel exterior and a precise digital cooling system, this unit ensures beers, sodas, and mixes are kept at optimal serving temperatures. Its narrow 24-inch footprint makes it an ideal solution for bars, pubs, and restaurants with limited undercounter space, while the solid door design improves energy efficiency and security.

About Empura Back Bar Coolers:

The Empura KBB Back Bar Coolers are designed to keep beverages perfectly chilled and easily accessible in bars, restaurants, and event spaces. Featuring a sleek, durable design with glass or solid doors, these coolers provide ample storage for bottles and cans while maintaining consistent temperatures. With adjustable shelving and easy-to-clean interiors, Empura KBB Back Bar Coolers are a reliable and stylish addition to any beverage service area.

Intended For Commercial Use Only. Empura assumes no liability for component failure, factory defects or any other damages for units installed in non-commercial foodservice or residential applications.
