

Special Features:

- ✓ 4 drawers
- ✓ 74"W x 31.9"D x 26.8"H
- ✓ 11.4 cu. ft. capacity
- ✓ Pan size: 12" x 20" x 6"
- ✓ 1,100 lbs max capacity
- ✓ 1/5 HP right side compressor
- ✓ R290 CFC-free refrigerant
- ✓ Auto electric defrost, LED temperature display
- ✓ Stainless steel exterior and interior
- ✓ Self-contained refrigeration system
- ✓ Magnetic drawer gasket
- ✓ ETL, ETL Sanitation
- ✓ Tested and conforms to NSF-7 Standard

Product Description:

The Empura E-KCBRC72 is a massive, high-performance equipment stand designed to anchor the busiest commercial cook lines. With a 72-inch width, this unit provides a rock-solid, refrigerated foundation capable of supporting extensive cooking batteries, such as a full 72" griddle or a combination of charbroilers, ranges, and fryers. Featuring four heavy-duty refrigerated drawers, it offers superior organization, allowing chefs to separate proteins (e.g., poultry in one bank, red meat in another) immediately beneath the heat source for maximum efficiency and food safety.

Intended For Commercial Use Only. Empura assumes no liability for component failure, factory defects or any other damages for units installed in non-commercial foodservice or residential applications.

About Empura Chef Base Refrigerators:

Empura Refrigerated Commercial Chef Bases serve as the foundational anchor for high-performance commercial cook lines. Engineered to act as both a heavy-duty equipment stand and a refrigerated storage solution, these units allow operators to stack griddles, charbroilers, and fryers directly on top of their cold ingredients. By positioning proteins and produce immediately below the cooking surface, the E-KCBRC Series eliminates wasted motion, streamlines workflow, and ensures safe holding temperatures.

TECHNICAL SPECS

Dimensions

Exterior Width	74"
Exterior Depth	31.9"
Exterior Height	26.8"
Interior Width	51.2"
Interior Depth	29.8"
Interior Height	18.1"
Storage Capacity	11.4 Ft. ³
Pan Size Accomodated	12"x20"x6"
Top Thickness	0.03"
Power Cord Length	110"
Casters	4"

Refrigeration

Refrigerant	R290
Temperature Range	33-41 °F
Compressor Horsepower	1/5 HP
CFC Free	Yes
Defrost Cycle	Auto
BTU (LBP)	900 BTU/h
Compressor Location	Right Side Mounted

Construction

Display / Control Type	Digital
Insulation	C5H10 Foam
Construction Materials	Stainless Steel
Number of Drawers	4
Drawer Capacity	132 lbs.
Top Capacity	1009 lbs.
Max Weight Capacity	1,100 lbs.
Base Style	Foamed Top
Installation	Freestanding

Electrical

V / HZ / Ph	115V/60Hz/1Ph
Amps	2.1 Amps
Plug Type	NEMA 5-15P
Power Cord	Included

Shipping

Ship Weight	350 lbs.
