- ✓ 1/5 HP left side compressor
- ✓ Foamed countertop
- ✓ 4 adjustable heavy duty epoxy coated wire shelves
- ✓ Stainless steel and black exterior finish
- ✓ Digital LED temperature display with electronic thermostat
- ✓ ETL, ETL Sanitation
- ✓ Tested and conforms to NSF-7 Standards

Product Description:

The Empura E-KBB60-2G-24SD-S is a space-saving refrigeration solution designed for high-volume bars, pubs, and restaurants with limited working room. Distinguished by its 24-inch shallow depth, this unit fits flush into tight back-bar lineups where standard coolers would obstruct walkways. The unit combines a premium stainless steel exterior with glass doors, turning your beverage inventory into an attractive display while withstanding the rigors of daily commercial use.

About Empura Back Bar Coolers:

The Empura KBB Back Bar Coolers are designed to keep beverages perfectly chilled and easily accessible in bars, restaurants, and event spaces. Featuring a sleek, durable design with glass or solid doors, these coolers provide ample storage for bottles and cans while maintaining consistent temperatures. With adjustable shelving and easy-to-clean interiors, Empura KBB Back Bar Coolers are a reliable and stylish addition to any beverage service area.

Intended For Commercial Use Only. Empura assumes no liability for component failure, factory defects or any other damages for units installed in non-commercial foodservice or residential applications.
