- ✓ 1/5 HP left side compressor
- ✓ Digital LED temperature display with electronic thermostat
- ✓ 6 adjustable heavy duty epoxy coated wire shelves
- ✓ Stainless steel exterior finish
- ✓ Foamed countertop
- ✓ ETL, ETL Sanitation
- ✓ Tested and conforms to NSF-7 Standards

Product Description:

The Empura E-KBB72-3G-24-S is a specialized high-capacity refrigeration unit designed for busy commercial bars where aisle space is at a premium. Featuring a 24-inch shallow depth profile, this unit provides the storage versatility of a three-door cooler without protruding into the bartender's workspace. With a premium stainless steel exterior and three glass doors, it offers a sleek, durable presentation that maximizes product visibility and merchandising potential for bottled beers, craft brews, and sodas.

About Empura Back Bar Coolers:

The Empura KBB Back Bar Coolers are designed to keep beverages perfectly chilled and easily accessible in bars, restaurants, and event spaces. Featuring a sleek, durable design with glass or solid doors, these coolers provide ample storage for bottles and cans while maintaining consistent temperatures. With adjustable shelving and easy-to-clean interiors, Empura KBB Back Bar Coolers are a reliable and stylish addition to any beverage service area.

Intended For Commercial Use Only. Empura assumes no liability for component failure, factory defects or any other damages for units installed in non-commercial foodservice or residential applications.
